## Community

**AQUAWAVE OMSL** being a good corporate body shall as a matter of policy objective work with its host community to ensure a conducive atmosphere for the safe execution of projects.

To promote a cordial relationship with host communities the following policies will be pursued;

- At least 60% of employment of skilled labour (particularly casual labour) for the execution of any project is exclusively reserved for indigenes of the host community
- Indigene-owned businesses are to be given primary consideration in the award of sub-contract jobs particularly where capable companies exist in the host community
- The company shall conduct all its operations in such a manner so as not to pose any environmental threat to the host community
- In all matters, the company shall dialogue with legitimate representatives of the host community to promote mutual trust and benefits and to resolve disputes.
- The Public Relations Department shall remain open to the host community
- The company shall recognize the leadership or the traditional ruling institution of the host community
- The company shall not be involved in the local policies of the host community
- The company shall within its limited resources and within its CSR policies, assist in the development efforts of the host community.

**AQUAWAVE OMSL's** works are guided by a set of well carved procedures which meet the standards set in Nigeria's Oil & Gas sector.

All team leads, field and office staff are armed with these procedures as it concerns their various responsibilities. These procedures reside in our corporate data base and are updated with the changes in scope, times and changes in the sector.

AOMSL will provide job specific procedures when required.

**AQUAWAVE OMSL's** works are additionally, guided by a Execution Plans and Method statements, which are statutorily provided to the client prior to mobilization on any/every project.

This Plans and Statements set out our strategy to deliver tasks and actions that make up the project execution, in a safe and efficient way, complete with monitoring and control.

With these Plans and Statements, internal and external interfaces are managed to ensure quality and timely delivery on our projects.

**AQUAWAVE OMSL** is big on safety. This has made our cardinal statement on safety to be.....

***“Zero tolerance on Safety”***

### **Our Policy Statement**

It is the policy of AQUAWAVE OIL & MARINE SERVICES LTD to provide healthy and safe working conditions, and to maintain a safe and pollution-free operating practice that complies with national and international regulations and relevant standards and guidelines. It is the responsibility of each Aquawave personnel to perform his/her works in an environmentally sound manner. It is the policy of Aquawave Oil & Marine Services Ltd to promote and encourage awareness of and to protect and preserve the environment.

Inductions, Trainings, Re-trainings and Train the Trainer programmes are developed to ensure our culture on safety stays intact.

**AQUAWAVE OMSL** to support its commitment on safety has a healthy set of policies that headline our resolve. Some of the are;

1. Health Policy
2. Environment Protection Policy
3. Drugs, Alcohol & Weapons Policy
4. Community Affairs Policy
5. Security Policy
6. Stop Work Policy
7. Training & Manpower Development Policy
8. Personal Protective Equipment Policy
9. Night Driving Policy
10. And a host of others

Targets and Objectives are set for every single project we at AOMSL execute

The MANAGING DIRECTOR is the Chief HSE Officer and acts as the head of Corporate line Management. Other lines Managers are the HSE Manager, Operations Manager, General Manager, QA/QC Manager, Operations Manager, Admin Manager, Community Relations Manager and the Accountant. - ❖ **Policy Manual**
- ❖ **Quality Manual**
- ❖ **Quality Assurance Procedures**
- ❖ **Work Documents**
- ❖ **Quality Records**

## AQUAWAVE OMSL

Our marine division has been active in the Oil and Gas sector in providing different logistics support and security vessels to the IOCs directly and indirectly. With our equipment and strategic relationships with companies in America and Dubai, we have provided these services successfully and efficiently.

We are able to provide services to the Oil and Gas and Marine sector through vessels owned by ourselves and those obtained via active relationships.

Services we provide under this sector include but are not limited to;

- ❖ Marine Services
- ❖ Crewing Services
- ❖ Dredging Services

**AQUAWAVE OMSL** is among the few companies recently certified to provide maritime security solutions to oil & gas companies, shipping companies and oil service firms in Nigeria. In specific terms, our highly professional members of staff and consultants have designed operational concepts for the delivery of the following services at an uncommon quality:

- Offshore oilfield protection.
- Armed security escort duties for mobile offshore platforms and ships.
- Harbor terminal security surveillance and protection.
- Provision of safe anchorages around the roadsteads and other authorized within the channels. places
- Community security surveillance services for companies with high facilities located around/within riverine communities.
- Covert maritime intelligence gathering and reporting to client's security department or relevant government agencies.
- Safe and secured marine transportation of materials and crew to offshore platforms and locations.
- Search and rescue operations.
- Port Facility and Ship Security Surveys/Audits and Assessments.
- Search and rescue operations.
- Port Facility and Ship Security Surveys/Audits and Assessments.

## MARINE & SECURITY SUPPORT SERVICES

- Anchor Handling Tug Support
- Tugs
- Diving Support Vessels
- Survey Vessels
- Work Barges
- Pipe Laying Barges
- Shallow Draft Vessels
- Anchor Handling Tug Support Vessels
- Tugs
- Diving Support Vessels
- Survey Vessels
- Work Barges
- Pipe Laying Barges
- Shallow Draft Vessels
- Security vessel (FSIV) and Gun boats
- Platform Supply Vessels ( DP1 & DP2)
- Crude oil tankers

# MARINE & SECURITY SUPPORT SERVICES

## AQUAWAVE OMSL MARINE CLIENTELE

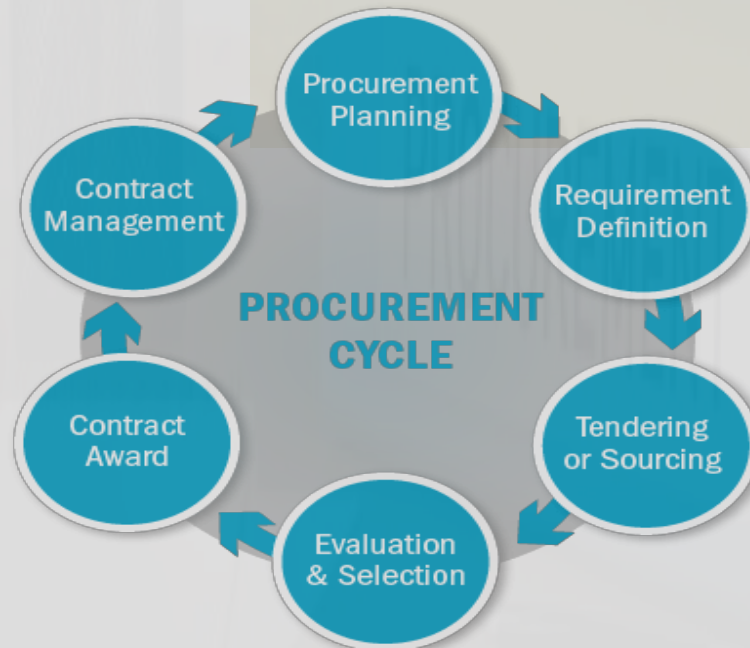

**AQUAWAVE OMSL** is positioned and primed to provide Procurement services to its clients.

A considerable experience in the Procurement process resides within our top management and it is this experience that comes to bear when we have the opportunity to provide this service.

Our Procurement team are well trained and understand the need to follow due process to secure optimal results in every procurement cycle.

The Oil and Gas sector being a very critical and costly string of operations can most times not afford delays or poor quality spares or equipment. This essentially is the reason to firstly engage the right quality of personnel and then get them trained on the procedures to ensure quality delivery. A schematic of our procedures are shown below;

**AQUAWAVE OMSL** has offshore relationships that provide support with which we complete the process of procurement for projects and for supply.

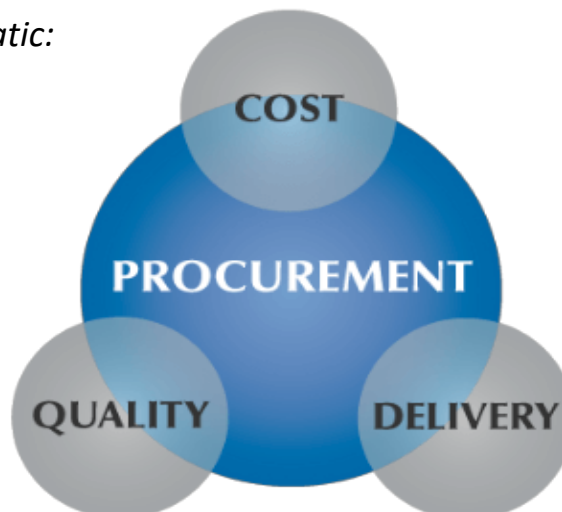

The owners of Aquawave have a considerable portfolio of experience in Procurement from various engagements in the past, including previous partnerships, previous employment responsibilities, etc.

With considerable experience in procurement in the oil and gas sector, we would be happy to extend our services to our clients .

In providing optimum quality procurement services to our clients AQUAWAVE OMSL ensures that we deliver on the three main objectives of quality procurement;

- Quality: That the item being procured meets the specification of the client.
- Cost: That the cost expectations of the client are meant and possibly surpassed.
- Delivery: That the schedule of delivery is met or surpassed.

*See Schematic:*

**AQUAWAVE OMSL** Is indeed a peculiar company. A young company with a cumulative experience. This experience, which spans over 30years in the Oil and Gas and Marine is the core strength of our company. Some noteworthy Projects included are;

Otumara Gaslift Project  
 Contract No: W08819  
 Executed in the year 2001, with our CEO as the Project Director. This floating plant was built in the USA, shipped into Nigeria, and Installed alongside Otumara Flow station, with hook ups and tie-ins to receive gas from the flowstation, clean, compress and inject into specific wells to boost well pressures and increase the production volumes.

Project Value:  
 Floating Plant Cost: X  
 Construction Cost: \$3.7M  
 Operation & Maintenance : 1<sup>st</sup> 4 years: \$19.2M + N220m

**AQUAWAVE OMSL** has in its cumulative portfolio of projects projects that have legacy status. Two of these projects were designed to boost production of Crude oil and Gas.

## **SPDC Gbaran Ubie Early Production Facility:**

Contract No: E17794

A plant built for SPDC by our CEO as Project Director with a gas capacity of 80mmscfd, designed to receive gas from SPDC wells, clean the gas to a contract specification and to be supplied as feed gas for Gbaran Ubie IPP.

The IPP was not complete as at time for commissioning of this Gbaran Ubie EPF and so the Operations and Maintenance contract for the plant didn't kick in and as such the plant had to be moth-balled in preservation:

Plant Construction Value: \$13m

**AQUAWAVE OMSL** has in its cumulative portfolio of projects projects that have legacy status. Two of these projects were designed to boost production of Crude oil and Gas.

## Gbaran Ubie Life Camp

A Camp was built at Gbaran Ubie to House Construction and Operations Personnel for the Gbaran Ubie EPF. 16 units of well designed comfortable and furnished Portacabins were designed and built. Drainage and Sewage systems were built. A mini power station was put in place. This camp was built complete with fire- fighting capabilities etc.

Our CEO was the Project Director  
Camp Value: N345m

**AQUAWAVE OMSL** has in its cumulative portfolio of projects projects that have legacy status. Two of these projects were designed to boost production of Crude oil and Gas. These projects had our CEO as its Project Director.

## **SPDC Oguta 2 Gas Re-injection Project**

Contract No. E11860

Over the years dwindling reservoir pressures prompted the contracting to install a gas plant to receive gas at 50 bar, compress, and re-inject into the Oguta and Akri reservoirs, 35mmscfd at 250bar. .

Construction Value: \$7.2m

O & M Value: \$10.8m + N220M

For 5years.

Attention: Abubakar S. Mai-Bornu  
Sir,

**LETTER OF COOPERATION  
OPERATIONS & MAINTENANCE SERVICES**

This letter is written to indicate our intention to partner with Aquawave Oil & Marine Services Nigeria Limited of No. 6 Maxwell Olowu street, GRA Phase IV, Port Harcourt, in the provision of Technical support for Operations and Maintenance services to your company. We will work with Aquawave Oil and Marine Services to harness opportunities to be of service to your company. This would include supporting in presentations, bids etc.

In this intended relationship, our company would primarily provide the required technical support to Aquawave Oil & Marine during operations, through expat personnel, complete with the sourcing and procurement of spares and replacement parts and equipment.

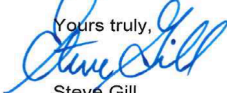

Upon securing an opportunity, we shall work to generate and finalise a more detailed working relationship agreement, which would include agreed responsibilities of both parties, and all other details of our cooperation.

We would be happy to provide any additional information on our company and its business to support this decision we have reached with Aquawave Oil and Marine Services Nigeria Limited.

We are confident that teaming with Aquawave Oil & Marine Service would bring premium quality services to your doorstep.

This letter is an indication of intent only and creates no liability or obligation of any nature whatsoever among the parties hereto with respect to any contemplated cooperation or any other matter or action described or referred to herein. Legally binding obligations with respect to the contemplated transaction will only arise upon execution of a definitive agreement and related agreements with respect to the cooperation.

Yours truly,

Steve Gill  
CEO/President
